BAZE UNIVERSITY, ABUJA DEPARTMENT OF ECONOMICS

Course Description and Week Wise Course Delivery Schedule

Lecturer Name: Paulin Owoh C.

Course Title	Introduction to Macroeconomics
Course/Module Code	ECO 202
Faculty	Management and Social Sciences
Department	Economics
Level	200
Unit	3
Pre-requisite	Compulsory
Module Overview	The module provides an overview of the principles of macroeconomics. It aims to explore principles and topics in macroeconomics with a view of providing a good theoretical foundation for future macroeconomic analysis. It will introduce the student to a framework within which central macroeconomic issues such as inflation and unemployment are measured and observed overtime. It will also introduce the student to the relationships that exist between different sectors of the economy and the key macroeconomic variables that drive these relationships.
Aim	At the end of this module the student should be able to: Follow and understand how economists study the economy as a whole as well as articulate the core principles, concepts and theories of modern macroeconomics. Show an understanding of the fundamental principles of how the economy operates. Identify the key measures for

	evaluating economic performance
