BAZE UNIVERSITY ABUJA
DEPARTMENT OF ECONOMICS
Course Description and
Week Wise Course Delivery Schedule

Lecturer Name: Owoh Paulin

Course Title	Introduction to Statistics
Course/Module Code	ECO 205
Faculty	FMSS
Department	Economics
Level	200
Unit	2
Prerequisites	
Module Overview	The course will introduce students to basic statistical techniques for conducting social science research. It will discuss the importance of statistics in economics and how to present data set. Some of the topics covered include the measures of central tendency, and measures of dispersion, measures of shape, population and sampling methods, and hypothesis testing. It will look at the distribution and comparison of different economic data set.
Aim	The aim of this course is to make students learn the basic statistical techniques that can be used to analyze economic data. The course will help students understand how the process of posing a question, collecting data relevant to that question, analyzing data, and interpreting data to find answers to real problems from their world.
	Module Outline(Weekly)
WEEK-1	Introduction i) Course Organisation ii) Course Overview iii) Scope of statistics
WEEK-2	Data Presentation and Analysis i) Tabular Presentation ii) Graphical Presentation

WEEK-3	Measures of Central Tendency (Ungrouped data) i) Arithmetic Mean, Mode and Median
WEEK-4	Measures of Central Tendency (Grouped data) i) Arithmetic Mean, Mode and Median
WEEK-5	Continuous Assessment Test I (First Half Hour) Measures of Dispersion (Grouped & Ungrouped Data) i) Ranges, Standard Deviation and Variance
WEEK-6	Measures of Dispersion i) Quartiles and Inter-quartiles deviations
WEEK-7	Probability Distribution
WEEK-8	Inferential Statistics i) Data Distribution and comparison
WEEK-9	Sample and Sampling theory
WEEK-10	Hypothesis Testing
WEEK-11	Introduction to Regression and Correlation analysis
WEEK-12	Revision/ Tutorials
Assessment Methods	Term end Examination: 70% Continuous Assessment: 30% Test: 20% and Case Study /Assignments/Workshop/Presentation: 10%) Duration of Exam : 3 HOURS(TWO/THREE HOURS)
Recommended Reading List	Applied Statistics for Business and Economics. An Essential Version, by Allen L. Webster.
